**North American Martyrs
Catholic School**
in cooperation with
Mad Science of Pittsburgh
Presents:
The "Animals, Energy, & Robots"
After School Program

Program Description:

Explore the energy of motion and life under the ocean's surface in this fast-paced program of science fun! Learn about robots, green energy sources, Newton's three laws of motion and much more! Children build their own Robot Hand and explore renewable and non-renewable resources for power generation. They will explore the animal kingdom and learn about the life cycles of their favorite creatures.

About Mad Science®

Mad Science® is the world's leading science enrichment provider, delivering unique science experiences that are as entertaining as they are educational. Mad Science encourages scientific literacy in an age when science is as vital as reading, writing and arithmetic.
